

## NOTICE OF PROPOSED PROPERTY PURCHASE

The **Rocky Point Fire District** is planning to acquire a **2.18-acre property on Route 25A in Shoreham**. This strategic purchase is vital to housing critical, life-saving apparatus and protecting our community's investments.

### Why This Purchase is Critical

- **Outgrown Current Facilities:** The District currently operates across **3 properties** in Rocky Point and Shoreham. Unfortunately, **none of these sites can be expanded** upon to meet our growing needs.
- **Rising Emergency Demands:** Requirements for local medical and fire community services have **grown significantly** over the years. We urgently need safe, secure storage for our modern ambulances, fire engines, and rescue vehicles.
- **Protecting Taxpayer Investments:** Emergency vehicles and gear are highly specialized and expensive. Housing them safely out of the elements ensures they remain reliable and last longer.
- **Low Visual Impact:** The property sits between two existing commercial properties on a State road. The proposed storage facility will be unseen **from Route 25A**, preserving the local aesthetic.
